# versatile micromax: the best ever grout

When walls or floors need a fast grout, for 2mm to 20mm joints, BAL Micromax is the answer. Setting in just two hours, polymer-modified flexibility enables use almost anywhere. Indoors or outside, even with ply overlay or underfloor heating. Microban® antimicrobial protection, efflorescence-free, nine great colours: it sets the new grout standard. Be sure it's BAL, trusted for great results every time. Call 01782 591160
