

BAL - for tiling in all dimensions.

The name you can trust whichever way you look at it. For adhesives and grouts and for the best expert technical support, every step of the way.

Whether the project is routine or complex, you want to be sure – whatever the background, material, function or orientation of your tiled vision. There's not only a BAL product that's exactly right for the job, there's also our dedicated technical advice, project support and spec writing service. By phone, online or onsite, we're with you all the way.
